

Natural Beef Sales

Circle L Limousin is the name of our beef cattle farm located about 20 miles from the Galaxy in Burbank, Ohio. Natural beef is sourced locally from our farm and served at the restaurant. We produce a combination of Limousin (which is naturally leaner) and Angus, called Lim-Flex, providing the perfect blend of beef product. Cattle are raised at Circle L Farm antibiotic & hormone free. Our commitment to providing high quality, naturally raised beef is why we have branded the steakhouse as Circle L. We offer natural beef product you can take home, from the farm to your table, burgers, all beef hot dogs, and ground beef. These are absolutely great for grilling. They come frozen for convenience, right from the freezer onto the grill, so easy.

Great for grilling

Once you experience this beef, we promise you will be hooked.

Natural Beef Sales

You've heard about farm to table slogans... Here's the real deal. Circle L Limousin is the name of our beef cattle farm located about 20 miles from the Galaxy in Burbank, Ohio. Natural beef is sourced locally from the farm and served at the Galaxy Restaurant. We produce a combination of Limousin (naturally leaner beef cattle) and Angus, called Lim-Flex, providing the perfect blend of beef product. Cattle raised at Circle L Farm are antibiotic & hormone free and we know exactly where all of our beef originates, right from the farm. Our commitment to providing high quality, naturally raised beef is why we have branded the Circle L Steakhouse at the Galaxy. We offer natural beef product you can take home, from the farm to your table. Be natural and give it a try!
